

Winnebago County 4-H Video Record Book Club Reading Checklist

Definition: A Video Record Book can be created in place of a traditional paper record book. You may use a video software/editing program of your choice. Your Video Record Book must be in a digital, shareable format (i.e. YouTube, Dropbox, Google, etc.). There is no maximum number of projects that may be included in the Video Record book. The Video Record Book should not exceed 10 minutes

in length. You may be as creative as you like inserting music, interviews and live footage of clubs, meetings, events and county fair. Feel free to use traditional record book page templates to help you plan out your video.
