My 4-H Story

Have you ever enjoyed walking a cow? I do! I am Nate Piper and I think 4-H is an amazing experience and if you have never thought of joining 4-H you will want to after you read my story! In my story I will be telling you about things I have learned this year, what I enjoy most about 4-H, my club experiences and what 4-H means to me.

I've learned a lot of things through 4-H through my years. This year I especially learned even more, for instance how to figure out what whip to use with my pig to get him/her to react better to my commands. Another is how to show a beef I am still working on these techniques but cows and beef have some similarities when showing. I have also learned that through all of the shut downs with COVID, I know that I should never take anything for granted and I should enjoy every moment.

The things I enjoy most about 4-H is 4-H camp. I love teaching the kids new things and being a great role model for them. This year I was the Nature counselor with two other people and I loved working with the kids and seeing what they created for their boat to sail and which boat lasted the longest in the creek. Another thing I enjoy is fair and seeing my friends that I don't get to see a lot and having fun with them.

Creating new friendship and memories is what 4-H means to me. You can meet new people every year and enjoy spending time with them through the fair and other county outings. When you leave the fair you are sad to say goodbye but you know that you will see them at the next county outing or club meeting. One memory that I have from this year is when we were setting up at fair I hit my head with a post pounder and had to go to the emergency room and get 6 staples in my head. I had blood everywhere. My 4-H friends will always be my friends no matter how much time has gone by before seeing them again. When I think of 4-H I think of friends.

This year my club meetings started off having virtual meeting after about 6 months of not having a meeting. We met and it was so nice to see our club family after not seeing many of them in person. We had our first in-person meeting in April where we cleaned up the town hall landscape and then had our meeting where we made May Day Baskets for Fox View Manor. We had our meeting in May and then we had my favorite meeting in July where we have a potluck and talk about fair and then we get the Omro pool all to ourselves. Our July meeting is so fun and then this year our club leaders announced that we are joining with Poygan Go Getters 4-H club and that made me so happy because I have a lot of friends in that club!

I have enjoyed every moment of this 4-H year as I now know that life can change in a day. Hanging out with friends has been my favorite thing this year even though I have liked the rest of my 4-H year I really enjoyed talking to my friends.

One thing that I would like to do is...

I would like to go on some of the 4-H experiences like American spirit or CFW I was looking forward to coming of age for these trips and then everything was shut down. I look forward to them opening up so that I can go to them.

My Goals

One specific 4-H goal I hope to achieve is My goal is to help with our club merging with Poygan-Go Getters so that they feel welcomed and at home in our 4-H family. I want to be able to be a bridge so they know that we are excited to have them.

I Plan to achieve this by...

Listening when everyone speaks and allow new ideas to our club. We need to be open to new things and having new people in our club.

Participating in the activities beyond the club and/or county has benefited or helped me learn

I have not been able to participate in much outside of the county but I have participated in 4-H Camp and I have loved that. I would like to go on some trips outside of the county level and with high hope maybe this year I will be able to.

Our Adventure

INDIVIDUAL ANIMAL RECORD

Choose (1) animal to report on, please include pictures on additional page.

Name JT Acres Tatoo Brownie Birth Date 6/1/19

Sire Duckett Crush Tatoo-ET Dam Hilrose Archiva (Beverly)

Why did you select this animal for your Dairy Project?
I selected her because I show for Joe Treu and he had 4 cows he thought would be good to go to the fair. Brownie is one I worked with last year. I enjoyed working with her so I thought I would work with her again.

What are the primary strengths of this animal?
She is very feminine and has a good temperament.

What are the primary weaknesses of this animal?
Her udder would be something I would change. She milks about 45-50 lbs per day and I would like to see milking more around 70.

Describe your involvement/work with your project animal(s) in the past year: (training, feeding, daily care)
I walked my cows either daily or every other day. Brownie was a great walker so I spent more time walking 3256 (the other cow I took). She was hard to break and just when we thought we got her broke, we would take a step backward and she would act up.
