Summer Sleepaway SEWING CAMP 2025

*Attend all 3 days
or pick and
choose!*

Thursday, June 19th: 1-4 pm

Easy to sew toiletries/bedside caddy: We will have precut kits in a variety of prints, instructions, and patterns to make your own at home after learning together. This is a great beginner project with nice straight sewing!

Burrito Style Pillowcase: Learn this super easy-to-sew custom pillowcase, following the burrito method, to take to all your summer sleepovers! You will need 3 fabrics (3/4 yard of your main fun print, 1/3 yard coordinating print or solid for the cuff, and 2" of a solid or tiny print for contrast trim piping).

Friday, June 20th: 9am to 4pm

Fleece or French Terry Skirt or Unisex Shorts: You decide which item you want to sew and bring in 1 yard of your own sweatshirt fleece or French terry for this project (a little more if you want this to be a long skirt). If you would like a drawcord, bring in a cording or twill tape of your choice about 1/2" wide and twice the circumference of your waist. We will have elastic for the waistband. This project will teach your youth how to sew clothing from start to finish, measuring for body size, laying out and cutting their own pattern, and finishing seams.

Also bring in a matching plain cotton **t-shirt**, and think of a design you would like on that shirt (sketch it out or print out an idea and bring it with). Each youth will have some time to work on creating their own digital design, Cricut cutting that out of heat transfer vinyl, and putting it on their shirt to make a coordinated outfit.

Strawberry Pillow/Stuffy: All things fruit are trending in home decor right now! Learn to sew your own stuffy by creating this strawberry throw pillow from a precut kit.

Each day we will have extra items to make and take and we will create an easy patchwork together to be used in a themed basket for the Winnebago County Fair Leaders Board Raffle at the County Fair.

Provide your own lunch and water bottle on Friday, but we will have a few breaks and snacks with a fashion twist!

Saturday, June 21st 10am:

This year's tour of a local business in the sewing industry will be at Fox Cities Quilt Co. They will give a tour of their shop, show participants how to select quality fabric, demonstrate a working quilting machine, and share patterns and kits suitable for youth. They will also give each youth a gift!
